2027 Entry Level (Technician) Licensing Course

Edmond Amateur Radio Society

Coordinator	Harvey Jones, W0HGJ	Phone	316-347-5629
Location	Jitsi Meet (similar to Zoom) – meeting link provided to registered students	E-mail	class@k5eok.org
Class Time	Wednesdays, 6:30-8:30 PM, will end before 9:00 PM if discussion runs long.		

About the Course

Amateur Radio is a global hobby with more than 4.6 million operators worldwide. It enables communication locally or worldwide, including through satellites, without relying on cell networks or the Internet. To earn your Technician license, you'll take a 35-question multiple-choice exam covering basic rules, regulations, and operating practices. The course consists of 13 instructional sessions plus one optional review session, held over 14 consecutive weeks.

Registration

EARS offers two virtual Technician courses each year. Register at www.k5eok.org under ACTIVITIES → TECHNICIAN LICENSE CLASS, or email class@k5eok.org.

Study Materials

We use the ARRL Ham Radio License Manual, 6th Edition (about $33). These can be acquired at:

- www.arrl.org (ARRL Ham Radio License Manual 6th Edition)
- Amazon.com (ARRL Ham Radio License Manual 6th Edition)

Free practice tools: hamstudy.org
Helpful videos: Dave Casler on YouTube

Exam Sessions

EARS hosts exam sessions the first Saturday of most months. Details at www.k5eok.org.
